Dr Robert Heine-Geldern
Institut für Völkerkunde
Reitschulgasse 2,
Vienna I, Austria

Dear Dr Heine-Geldern:

On my return from my summer field work in Tafi del Valle, I found your letter dated March 16, and the enclosing letter addressed to Dr Palerm. Thank you very much for everything.

Now I have good news, Dr Paul Fejos, advised me to make a petition to the Board of Wenner Gren, asking for some money to "visit the main European prehistoric sites, etc.". I did as he told me, and they gave a grant of 500 \$. It will be a good help to paid for part of my traveling expenses. It cover little less of a half of the round trip from Buenos Aires to Viena. So now I am more confident that finally I will attend the Congress.

I would like to know how much could be the living expenses in a hotel or in a boarding house in Vienna for 8 or 10 days.

The results of the three month digging in Tafi were excellent. I hope to give a preliminary report at the Congress. With best regards and good wishes.

Sincerely yours:

ALBERTO REX GONZALEZ
