Smithsonian Institution
Washington, D.C.

Washington , D.C. , December 10th, 1958

Mr. James Mathias
Guggenheim Foundation.
New York .

Dear Mr. Mathias:

According with my telephone information, I have moved to Washington to work here in the Smithsonian Institution. Dr Duncan Strong, from Columbia University agree with this change. Here I will study some South American collections and will work with Dr. Clifford Evans , Jr, in charge of those collections.

I have to report to your Institution, that I request a help from the Panamerican Union, in order to paid for the expenses and fees requirement in conection with my dissertation to be presented at Columbia University. The Pan American Union granted me 900 dollars. I think that now I will be able to submit that dissertation for the Ph. D. degree in Anthropology in the last week of February or at the begining of March, and return to Argentina on end of April.
Please notice my change of address
