

Córdoba, June 10, 1960.

Dr. Betty Meggers and Clif Evans  
Smithsonian Institution  
U.S. National Museum  
WASHINGTON D.C.

Dear Betty and Clif:

I do not know who wrote the last letter. Anyway I am pleased in writing you this to day. How are both of you? How your work is coming along?

Are you going to Vienna, to attend the 34 Americanist Congress? Perhaps, if I am a little fortunately I will travel to Europe to attend both Congress, Vienna and Paris. It will be and excelent chance to see the European Museum that I never did.

Here I am sending some news to publish in A.A. They are quite short but we have not to much activities here. I asked everyone to send his news and I got little or nothing. Sorry I had to put to much about myself. But even Menghin is not doing to much field work now.

Yi and the children are O.K. Michi is going to the North American School, so she is improving her english and speaking far better than me now.

I worked in Tafi del Valle from january to march. It was really wonderfull. A short notice is in the enclosing paper.

With the best regards for all our friends there, reciban Uds. los mejores afectos de Yi y :

ALBERTO REX GONZALEZ
