Dr. EDWARD S. DEEVEY
Geochronometric Laboratory
77 Prospecto Street
Yale University
New Haven

Dear Dr. DEEVEY:

Some time ago I received your letter informing me that my sample of C.14 from Intihuasi Cave (San Luis province, of Argentina) was going to be investigated. As I am extremely interested in the age of that old culture, I will be very thankfull if you can give me some information about.

Also I will appreciate very much if you can send me reprints of all the publication of your laboratory in conextion with C.14 researches.

Next year I hope to visit you and your laboratory. The Guggenheim Fudation has awarded me a fellowship for a year studies in the States.

With many thank in advance for your information I am your very truly :

ALBERTO REX GONZALEZ
