Dr. JUNIUS BIRD
American Museum of Natural History
Central Park West
New York

Dear Dr. Bird:

Some time ago I filled an application for a grant of the Guggenheim Foundation for I wish to stay some time at U.S. working in the preparation of a book about N. W. Argentinian Archaeology, region where I have worked in the last 5 years. This work, or some part of it would serve me, eventually, as my thesis at Columbia University.

As I needed to mention 12 persons who know me, I allowed myself to mention yours among those to be consulted, so the Guggenheim Foundation will ask you about myself.

I remain very grateful for anything you will do to help me.

Sincerely yours,

ALBERTO REX GONZALEZ
