Dear Junius:

Some time ago I received your letter with the result on the C.14 date of Barreales culture of N.W argentina. I would like to publish an comment it in a paper that I am writing now, but as it was not publish yet a do note know is that date was confirmed or not, and also I ignore if it can publish that information before the Laboratory has publish the date. Please send me some information about.

The Guggenheim fellowship has been awarded to me, I am delighted with the idea of a new trip to the States; as my wife is expecting a new baby I only will be able to travel next february Will, you be next year in New York? I would like to consult you in a lot of thing in conexion with the papers I will write there. With the best wishes, lo saludo con el mejor aprecio:

Su amigo:
